Attn: Legal  
Vijzelstraat 68-78

To the attention to the Legal Team of Uber B.V.,

My name is Paul-Olivier Dehaye (see attached copy of my ID). I am a Belgian Uber user based in Switzerland. I believe Uber BV claims to be acting as data controller when the Uber app is coordinating rides in Europe or Switzerland.

I would like to request access to all the data that is recognized as my personal data under any of the Swiss Data Protection Act, the EU Privacy Directive 95/46/EC, or national implementation thereof in countries where I have used the Uber app. In effect this constitutes multiple requests, each with their own recourse mechanisms.

I believe I have hereby given Uber sufficient information to pinpoint my account. Should that not be the case, please inform me as soon as possible. The law envisions limited time for Uber to respond to my requests, different for each of the applicable laws. I therefore encourage Uber to respond quickly. For expediency, I can be reached at xxxxxxxx@xxxx.xxx, where Uber can also send the requested data.

Sincerely,

Paul-Olivier Dehaye
